Quality Assurance and Ethical Considerations:

(Briefly describe how you ensured the quality and ethical use of AI)

Quality Check: I reviewed and tested all code manually by running the program and unit tests to verify correctness. I also read through all AI-suggested wording and rewrote it in my own words

Ethical Use: I avoided copying AI output directly. All code logic and written answers were understood and verified by me before submission. AI was only used to assist with minor wording suggestions.

Reflection on AI Usage:

(Briefly reflect on your experience using AI)

Reflection: AI helped me refine the wording of my comment answers and clarify my understanding of some python concepts. The majority of the code and design decision were my own work.
